## A WORD FROM THE DIRECTOR

"In my work, I can see how we are helping with a major issue in our society, which is the housing crisis. Together, we have the means to make a profound and lasting impact on people's lives, especially on the most vulnerable among us who are the first to suffer the consequences of this situation. I am very proud of the donations we presented to Canadian communities over the past year."

## SUPPORT FROM THE RONA FOUNDATION

## THE IMPACT OF YOUR DONATIONS

The RONA Foundation is driven by the desire for everyone to have access to safe, affordable and comfortable housing. There are unmet needs in terms of access to housing, but, as a home improvement company, we have the power to help people in need, and we believe it is our duty to do so.

Our community investments mainly come from our two in-store campaigns: Build from the Heart and Home Sweet Home. These two campaigns support non-profit organizations whose mission and target audience are aligned with our purpose. They embody our commitment to go beyond words and take concrete actions to improve quality of life by investing in tangible renovation or construction projects that build communities.

Each year, the RONA Foundation organizes a major benefit event in the form of a golf day. All funds raised during this event are redistributed to the charities selected as part of the Build from the Heart campaign.

Every action we take is aimed at making a significant difference in the community.

## BUILD FROM THE HEART CAMPAIGN

The goal of the Build from the Heart campaign is to provide financial support to non-profit organizations that are planning construction or renovation projects to help one of our target **audiences:** victims of domestic violence and their children, low-income families and people with disabilities or mental health issues.

**In 2024, a total of \$1,000,000 was presented to seven organizations** to support their projects through our various fundraising activities, such as the Build from the Heart in-store campaign, the sale of RONA Foundation hats and the RONA Foundation Golf Day. The Golf Day event, organized exclusively for our vendors, brought together nearly 300 players and was held on Monday, July 15, 2024, at Club de Golf La Vallée du Richelieu in Sainte-Julie.

"The RONA Foundation's Home Sweet Home campaign provides vital funding that helps local Habitats across Canada build safe, affordable homes, allocating resources where they are needed most to ensure the completion of essential housing projects. By supporting the creation of affordable housing, the campaign strengthens communities and provides families with the foundation for stability and independence. We deeply value our partnership with the RONA Foundation and the meaningful impact it has across the country."

#### MAISON D'INGRID

"Maison d'INGRID was honoured to receive the support of several local RONA stores for the second year in a row. The Outaouais is the region where we are forced to turn down the most requests for shelter for women and children who are victims of domestic violence due to lack of space. Our organization is working on a project to build a new home that will accommodate 18 women and children, which is why this support is so important."
